

To Whom It May Concern:

Melissa Dorris has been a gymnastic instructor at Wings Center for 3 years. She teaches in our preschool motor development program (ages walking to to 4 years old) our school age gymnastics program, and our competitive team program.

Ms. Dorris is responsible for creating and implementing lesson plans based on our skill curriculum for our school age gymnastics program. Melissa is wonderful at teaching her students and is aware of different learning styles. She works well with difficult challenges and can successfully adjust the lesson to meet the individual needs of her students, and has the ability to work with a variety of different levels.

In our preschool program Melissa works beautifully with our young children teaching social class manners, taking turns, respecting others, listening and following directions. She can easily keep the children's attention and can keep them on task.

Melissa has a great rapport with our students and their parents. She is reliable, on time, and always professional. Our staff members find her positive, enthusiastic, and a strong working member of our team. I am confident that Ms. Dorris will be an asset to any staff she works with. She is confident, knowledgeable, and has the skills of a seasoned teacher.

Brenda M. Borup
