To Whom it May Concern;

I am writing this letter in regards to Melissa Dorris. Melissa spent time in my classroom in the spring of 2013 and then began student teaching fulltime with me in August of 2013. She has been a wonderful part of our classroom and has shown amazing patience, hard work and dedication to the students and her future career!

Melissa is dedicated to this wonderful career that she has chosen. She comes in each day having spent much of her evening working on curriculum, plans, reading to keep herself informed, and grading papers to stay current on where each student is and how they are progressing. She works hard to keep up on the Common Core State Standards.

Melissa has many innovative and current ideas on how to present lessons and teach to a variety of students. We have a very dynamic mix of children in our class. She is always thinking of how we can best reach each individual.

Melissa is very patient and has a sense of calmness about her that affects those around her. She is respected by the students and they know that they can count on her. She is firm when needed, and she makes learning fun.

I feel lucky to have Melissa with me each day as my co-teacher. We have a partnership that is fantastic! She is a team player. She would be a wonderful part of any staff. She is terrific!
